

SHIPLEY COACHING™
Discovery that inspires growth.

Become an ICF-Certified Coach

with the Shipley Coach Training Program (SCTP).

The Shipley Coach Training Program (SCTP),

is a step-by-step, experiential learning process that provides the skills required to become a competent and confident coach. Shipley's "Whole Systems Model" keeps the coaching simplified and powerful. Regardless of the coaching specialty you choose – business owners, executives, parents or other audiences – you will have the strong foundation and powerful tools you need to succeed in your coaching career

The SCTP is based on the latest developments in Neuroscience, Human Behavior, Personal Development, and is derived from 50+ years of proven methodologies rooted in Neuro-Linguistics, Solution Focused Methods, Positive Psychology, and Appreciative Inquiry.

The 4 SCTP Primary Learning Goals Include:

- Understand what Coaching is, isn't, and how it is distinct in nature from other helping modes
- Know the value of Coaching in assisting Clients
- Understand the mindset, principles, structures, tools, frameworks, processes, and techniques of masterful Coaching
- Demonstrate Coaching according to ICF Core Competencies and create powerful sessions that meet Client needs

83% of consumers who experienced a coaching relationship reported that it was important for coaches to hold a credential.

The Advantages of the

Shipley Coach Training Program

The SCTP focuses on the person as a whole system, and the methodology recognizes that goals, challenges, opportunities, and obstacles are often rooted in multiple areas of a person's life. Whether you become an executive coach, corporate or career coach, Shipley's set of comprehensive techniques will equip you with confidence to build a transformative professional coaching relationship with your clients from the critical first meeting till closure of the coaching engagement.

- **Credentialed.** The SCTP are fully accredited International Coach Federation (ICF) ACSTH and ACTP programs
- **Practical.** The SCTP challenges participants to make specific improvements in their own performance after each meeting
- **Systematic.** The SCTP uses a systemic model that is coherent with all the others
- **Powerful approach.** The SCTP approach combines the best practices in coaching, peer support, facilitation, goal setting, progress tracking, and accountability
- **Measurable.** The SCTP emphasis is on achieving measurable results
- **Emphasis on results.** Unlike many programs, the SCTP tracks results achieved. Not just gains in skills – but actual results that each participant documents
- **Flexible.** Topics discussed are based on student experiences, not canned business examples that may not fit class needs
